Best Value more track time per dollar than any other school. Versatile Programs for seasoned racers to drivers with no experience Data Debriefing in Two, and Three Day Programs: Personal instruction by Former Formula One World Championship Driver Allen Berg* at every event. SCCA Accredited for race licensing Race in WeatherTech Raceway Laguna Seca

Racing School, Formula Cars | Allen Berg Racing Schools

Track optimization can be some of the least important or most important adjustments you make based on the car you are driving. For instance, if you have a car with adjustable gear ratios you should be setting those appropriately for the specific track or you are giving up easy speed.

Step-by-Step RaceCar Setup Guide

The stiffness is the inverse of the flexibility, which for the entire two-tube system can be found from $\frac{1}{2} \frac{1}{1} \frac{1}{1} K$ total $K K$ Which is the generic equation of stiffness for springs in

Design, Analysis and Testing of a Formula SAE Car Chassis

Data acquisition is the process of sampling signals that measure real world physical conditions and converting the resulting samples into digital numeric values that can be manipulated by a computer. Data acquisition systems, abbreviated by the acronyms DAS or DAQ, typically convert analog waveforms into digital values for processing. The components of data acquisition systems include:

Data acquisition - Wikipedia

LevelUP Racing School was started with the idea that a racing school can be safe, fun, and give you the basic skill set that will allow you to drive just about any race car...all at an affordable price.

LevelUp Racing School

From the moment our ideas took shape in a Duke University research lab, our goal has been to build our company in the community we call home. We know that universities like Duke, UNC-Chapel Hill, and NC State are ideal places to find tomorrow's top machine learning talent.

About Us — Infinia ML

At Integral Powertrain we are developing technologies which have the potential to change the future of the way vehicles are powered. Our Design Engineers contribute to complex powertrain and electric machine engineering projects, working with prestigious manufacturers and Tier 1 suppliers in an environment where you are encouraged to take risks, try out new ideas and develop creative solutions ...

Careers - Integral Powertrain Ltd

Paul Graziani is our chief executive officer and co-founder. For more than 20 years, Paul has championed the use of commercial software in the national security and space industries and, today, our flagship product, STK, is used in more than 50,000 worldwide installations by aerospace, defense and intelligence professionals.
