### **Legendary Monster Breeding Guide**

Breeding is the most important concept in monster legends. It is the heart and soul of the game. Legendary and Epic monsters are very difficult to get and so the only way it is possible is if you keep trying. Our breeding chart (with pictures) below will guide and assist you in getting your own special monsters.

Here is a detailed Monster Legends breeding guide with pictures of the monsters. You can use other combinations to get the monster you want. Opposite elements are: Fire/Light Nature/Electric Water/Dark Nature/Magic This means you cannot use the single element monster and breed directly with the other. You need to use dual element monsters to do so.

These monsters are badass! Not only their stats are strong but also their "special attacks" are really good too! Ultimately, they are component for breeding legendary monsters. Due to their preciousness, Epic monsters mostly cannot be bred normally by using 2 elemental monsters. The requirement of breeding Epic monster is using both uncommon/rare monsters (any 2-element monster).
