Corporate social responsibility | Alfi

Corporate social responsibility (CSR) has become one of the standard business practices of our time. For companies committed to CSR it means kudos and an enhanced overall reputation – a powerful statement of what they stand for in an often cynical business world.

The importance of corporate social responsibility ...

This article examines how the international business (IB) literature has addressed social responsibility issues in the past 50 years, highlighting key developments and implications from a historical perspective.

The social responsibility of international business: From ...

The size and scope of corporate social responsibility (CSR) is a topic of ongoing and vigorous discussion. Some stakeholders include sustainability concepts in CSR, while others make distinctions between the two terms, with sustainability considered more closely aligned with environmental activities.

Corporate Social Responsibility: A Rapidly Changing ...

Introduction. From a business perspective, researchers often argue that Corporate Social Responsibility (CSR) can improve the competitiveness of a company (see e.g., Burke & Logsdon 1996). In the long-term this implies a positive relationship between the CSR involvement of a company and its financial success suggesting that there is a business case for Corporate Social Responsibility.

The business case for corporate social responsibility: A ...

NGOs (Non Governmental Organizations) have become quite the choice tool of subversion, destabilization and domination for the US-led New World Order. As the recent Soros hack has shown, the US (in particular) has embarked on a cunning strategy of infiltration in its foreign policy. On the surface, NGOs appear as benign, helpful and, at the very worst, harmless creatures which do work that ...
