Photographing Couples: How to Create a Connection Through ...

Couples photography ideas to make taking pictures fun! These playful ideas will help you make memories and remember the fun in your marriage. The difference between a good picture and a great picture is in the details.

Couples Photography Tips and Ideas - The Dating Divas

In comparison, couple photography is more about connection, interaction and above all – feelings between two people. And most probably those are very deep and passionate feelings, which makes couple photography so delightful and positive. Generally a couple should be easy to engage in a photo shoot.

Posing Guide: 21 Sample Poses for Photographing Couples

5 Tips To Photographing Couples. Tip 1: Plan Your Photo Shoot In Advance Spontaneity is usually a good thing, but you've got to do some planning before shooting portraits. The best location for photography, your subject's clothing, what camera (s) to use, and how you want to pose your subjects are all decisions you must make in advance.

5 Tips To Photographing Couples | Shutterbug

Today we are going to share ways to take great couple photos while traveling. When you travel as a couple, you are going to want to get some good photos of the two of you together. The problem is that getting great couples photos of the two of you together can be a challenge, as usually one of you has to operate the camera or smartphone.

6 Ways to Take Great Couple Photos while Traveling

If it’s autumn, take advantage of the changing colors of the leaves, use the outfits of the season that make your couple feel warm and cozy – long boots, scarfs, hats. If it’s winter use the whiteness of the snow or the bleak bare branches of the trees to create a romantic story for your couple.

5 Tips for Creating Romantic Portraits of Couples

Remember that couples photos in particular are not about two people as individuals - they are about two individuals who have chosen to be a couple. The way your subjects interact with each other is what will make a strong photograph, and it's hard to achieve this when you're constantly barking orders at your subjects.
