

Spectrum Watercolored Words

Spectrum Watercolored Words

I am sure many of you have met Melanie. I've spent so much time with her collection of poetry and even though it wasn't an easy task, I finally managed to review the book that has been with me for quite some time now. Please support this incredibly talented poet. Spectrum – Watercolored Words by [...] Read more of this post

Spectrum: Watercolored Words | Wordifull

Spectrum, Watercolored Words, by author Melanie Thomason is an original work of art in the truest sense. What a delightful book to read, to become lost in, to thoroughly enjoy and share. It is very visually appealing, artistically written, offering the reader the impression that each word flowed from her soul on to the pages.

Spectrum: Watercolored Words Kindle Edition - amazon.com

There's this beautiful silence that begins every word. It is a blank canvas. If I allow myself the time to saturate in the words, to marinate in the feeling, I admit, my colors spin more vividly on the page. It's as if I immerse my whole self, bodied, full. into the pool of language. into the space of spaces, open to the air.

Watercolored Words - Fiesta Estrellas

Watercolored definition is - of the color of water : pellucid. Love words? This panel was added to the left hand side of the card base using Tear & Tape. The flower was added to the card front using dimensionals. I added the butterflies using glue dots. To finish off the card, I added some rhinestones to the center of the flower and the butterflies. Here is the completed Watercolored Sunshine Wishes creation.

Euphoria And Other Trending Words On Dictionary.com Social media has been abuzz this week with talk about—what else—Facebook, and all this talk has put at least one word in the hot seat on

Dictionary.com's trending list! Glib Glib took an abrupt 868% climb earlier in the week when Facebook CEO Mark Zuckerberg used the term to clap back at Apple CEO Tim Cook, who had criticized the social ...

Spectrum | Definition of Spectrum at Dictionary.com

Spectrum definition is - a continuum of color formed when a beam of white light is dispersed (as by passage through a prism) so that its component wavelengths are arranged in order. How to use spectrum in a sentence.

Spectrum | Definition of Spectrum by Merriam-Webster

Next I shaded the flowers with dark pink and red carmine zig markers and blended the colors together with a damp paintbrush. Once the flowers were done I did the same using the marine green marker for the greenery. I shaded the words with the pink marker and blended it out with my spectrum noir clear sparkle brush.
