Here Come the Settlers II Sales of public lands--much of it once Indian territory--exceeds all expectation. "The extraordinary receipts from the sales of the public lands invite you to consider what improvements the land system, and particularly the condition of the General Land Office, may require.

Andrew Jackson's Seventh Annual Message - synaptic.bc.ca

1. Introduction. Exposure to either natural or synthetic chemicals represents a worldwide public health problem. Humans or animals could be exposed to toxic substances in air, soil, food, fruits, vegetables, or even pharmaceutical and cosmetic products via inhalation, ingestion, or direct contact. Of course, these toxic agents can produce hazardous toxicities including non-organ directed ...

Horse Health Glossary - The Horse

Adolescents. Health Canada has not developed advice for adolescents because of insufficient data. However, they suggest that daily caffeine intake for this age group be no more than 2.5 mg/kg body weight. This is because the maximum adult caffeine dose may not be appropriate for light-weight adolescents or for younger adolescents who are still growing.
