Body language is a type of nonverbal communication in which physical behaviors, as opposed to words, are used to express or convey information. Such behavior includes facial expressions, body posture, gestures, eye movement, touch and the use of space. Body language exists in both animals and humans, but this article focuses on interpretations of human body language.

Physical attractiveness is the degree to which a person's physical features are considered aesthetically pleasing or beautiful. The term often implies sexual attractiveness or desirability, but can also be distinct from either. There are many factors which influence one person's attraction to another, with physical aspects being one of them.

### **Physical attractiveness - Wikipedia**

Body language is a great way to add depth to your characters' emotions. It humanizes your characters in a way their dialogue cannot. But, just with dialogue, adding body language requires a little finesse.

### **How Not to Write Body Language | HobbyLark**

I had the weirdest body language, expression or I dont know what to call it. While talking to this girl who works for our company. She locked her fingers in front of her body, palm to palm, then turned her arms outward to show both her medial ante-brachials (had to look this up (the joints behind the elbows where the biceps start.)) while looking to her right through a window.
